Dear Harold,

I appreciate your constructive comments and suggestions about my article on Givens. Your letter crossed with mail from the editor of The Texas Observer, enclosing a 16-page "reply" by Belin to my 7-page article! A copy of that plus related correspondence will be coming to you soon, via Dick Bernabei and will be fully self-explanatory (I could not make enough sets of copies so each will have to serve two or more of the critics who read the article). Wait until you see Belin's preposterous self-justification, I think you will enjoy it.

Hastily,

Sylvia
